P.O.P.

BOTTLE OF FRESH NOOZE.

HIGH SCHOOL NOOZE.

The History of G. H. S. '22 and '23. Again we welcome vacation, and again we prepare for a period of rest and pleasure and just think—5—more days and this will be our's.

This school year has been one of study and advancement. No year which has passed so far in the history of Grayling High can surpass this one.

A division which takes in domestic science and domestic art has for the past term prepared our students for home life. This department has added much to our program and has been a great benefit to those who took such an important part in its operation.

Our movie machine has also done its share in making G. H. S. a success. Every show we have had so far produced convincing evidence that

this is true.

The two glee clubs and the boys quartet have been a great asset to our entertaining program, and at every amusement in which Grayling High took part they contributed their share without a minute of hesitation.

The library has been a very great factor this year. There has been a number of new references added to it, and it has fully convinced the pupils that whatever they wanted was there.

We also wish to state that we have had two new pianos added to our school equipment, and that our stage with its new curtains looks just like well—we meant to say—like Jake Cripps in his new suit of long trousers.

A big athletic campaign has also been put over. It was a hot race between the "Spark Plugs" and the "Sassie Sussies," the "Spark Plugs" winning by a small minority.

We wish to express our appreciation for the programs which were given by the different classes for they helped to make work play and added much excitement and amusement to G. H. S.

And take it from us, if you missed "The Glass Slipper" you missed half of your life. It was a comic

drama and you know what that means. We take pleasure in stating that it was a huge success.

The Characters—

Cinderella—Marion Reynolds.
Sir Oliver—John Phelps.
Bobbins—DeVere Cripps.
Vesta—Kristine Salling.
Mora—Roberta Love.
Jasper—Eddie Trudeau.
Victor—Guy Bell.
The Stepmother—Marcella Sullivan.
Prince Leo—Emerson Brown.
The Godmother—Francella Corwin.

win.

Basket Ball—'22 and '23.
The year of '22 and '23 proved to be a banner one for basket ball—Grayling High's major sport. The team played together remarkably throughout the season and won many admirers for their clean, fast playing.

After a bad start, three of the first four games were lost, then G. H. S. squad starting with Gaylord won eight straight victories. Northern Michigan High schools will probably regard our team of future years as one to be strongly reckoned with. Our ancient rival Gaylord fell three times to our Hoboes.

The Summary.
Grayling 32, Oscoda 16.
Grayling 10, Cheboygan 19.
Grayling 11, Vanderbilt 13.
Grayling 6, St. Ignace 18.
Grayling 38, Gaylord 18.
Grayling 34, West Branch 12.
Grayling 55, Vanderbilt 21.
Grayling 25, Gaylord 17.
Grayling 43, Mancelona 14.

District Tournament—
Grayling 30, Gaylord 10.
Grayling 11, St. Ignace 7.
Grayling 31, Elk Rapids 11.
Grayling 13, Pellston 15.
State Tournament—
Grayling 11, Carson City 18.

Totals—
Grayling 350, Opponents 199.

Base Ball.
Although but two games were played G. H. S. showed a strong team which is able now to compete with the best. The team is now trying to secure games with other schools:

BURROWS MARKET HAS FIRE LOSS

FIRE BROKE OUT AT 2:30 SUNDAY MORNING.

Loss on Stock About \$3,500; on Building About \$1,500. Partly Covered by Insurance.

Sunday morning at 2:30 o'clock fire was discovered in the back rooms of the Burrows market. The alarm was sent in by Night Marshal Al Cripps and it didn't take long for the fire department to arrive upon the scene.

In a very few minutes the whole rear part of the structure was a mass of flames and smoke was pouring out of every window and crevice of the building and it looked like a hopeless job for the firemen. Built of white pine it was almost like touching a match to coal oil, and the smell of burning pine pitch permeated the air.

Soon there were two streams of water playing upon the flames and their fury was gradually and steadily lessened. The front part of the structure was saved and will probably be in part salvaged. Up to that part the entire inside of the structure was gutted by the flames, and the contents destroyed by the heat, smoke or water.

Mr. Burrows says that he had just put in a large stock of wrapping papers and twines—sufficient to last a year, all of which were destroyed. The large refrigerator which was packed with meats, was charred and the contents practically destroyed. Very little of the contents of the market were saved. Little damage was done to the fixtures in the front room of the market, the cash register, scales and fixtures being saved. Mr. Burrows has estimated his loss at about \$3,500 which was only partly covered by insurance—\$2,500.

The building is the property of Harry Conine of Detroit and was also partly covered by insurance. The building loss is estimated at about \$1,500.

Fire Chief Tony Nelson says he feels confident that the fire originated from the smoke house. This is a steel enclosed apartment used for smoking hams, bolognas, etc. It is believed to have been broken at the bottom, thus permitting the fire to break thru.

The fact that there was no wind and that the roofs of adjoining buildings were soaked in rain, and the able work of the fire departments may be attributed to the saving of the whole block of buildings. Things looked serious for a time but thanks to the able work of the fire fighters, the loss was confined to the one structure.

Our Firemen.
Ours is a volunteer fire department, the members only receiving pay for time when they're actually in service. Most of them are veterans in the work and know how to fight fire in a scientific manner. They are men of nerve and daring and seem to even welcome danger. There is a fine spirit among them and they work in excellent cooperation. Following is a list of the officers and members:

Tony Nelson—Chief.
Oliver Cody—Assistant chief.
Company No. 1.
John Homan, Capt.
Bert Mitchell.
Ben Yoder.
Alvin La Chappelle.
George Miller.
Harvey Wheeler.
Joe McLeod.
Jerry Sherman.

Company No. 2.
Conrad Sorenson, Capt.
Middle LaMotte.
Jerry LaMotte.
E. S. Clark.
Vern Clark.
Lloyd Jennings.
Fred Brown.
John Hills.

made several steps towards what the preceding staffs have attempted. P. O. P. has grown in interest to the students of every department of the school. The future of the column is showing results from the greatest possible stimulus that can be given a student publication, a livelier interest on the part of the student body which it represents.

Look—Listen—Remember.
Do you remember the T. N. T. Of it we never hear or see. Or two years ago the X, Y, Z. And that again will never be. But take it from us—
You'll remember with glee,
The famous, notorious P. O. P.

Lipman Landsberg,
Editors.

MEETING OF THE BOARD OF REVIEW.
VIEW.

A meeting of the Board of Review of the Township of Grayling will be held in the Town hall Tuesday and Wednesday, June 12 and 13, from 9 a. m. to 3 p. m. of each of said days, for the purpose of reviewing the assessment roll of said township.

M. A. Bates, Supervisor.

PUPILS PASS 8TH GRADE EXAMS

The following is a list of those who successfully passed the State eighth grade examinations held in Grayling, May 17 and 18:

Laura Salisbury.
Violet Armstrong. Henry Smith.
Dorothy Anderson. Norval Stephan.
Elsie Burke. Lacey Stephan.
Arthur Bigham. Anna Swanson.
James Bigham. Helen Schumann.
Glady's Chamberlain.

Clayton Doremire. Estella Turner.
Glen Diltz. Albert Trudo.
Elmer Ellis. Luella Tiffin.
Elsie Ellis. Sarah Vance.
Carrie Feldhauser. Myrtle Vance.
Elmer Fenton. Clarice Welch.
Francis Hunter. Violet Williams.
Ernest Hoelsli. Fannie Lelline.
Hazel Hunter. Wilda Lelline.
Ina Hirdeline. Evelena Barber.
Earle Isenhauer. Lola Craven.

Charles Isenhauer. DeVere Cripps.
John Kellogg. Russell Charron.
Robert Lozon. Winifred Flarity.
Lillie LaMotte. Kyran Gardner.
Azeldia LaGrow. Leo Gendron.
Frank McGuire. Annabelle Hunter.
Violet Monroe. Ora Ingalls.

Augustus Meyers. Gladys Johnson.
Flossie McEvers. Theodore Johnson.
Genevieve Montour.
Shirley McNeven. Eugene King.
Clarence Morfit. Flossie Loskos.
Edith Nelson. Carl Lindrose.
Gladys Nichols. Florence Merrow.
Flora Parsons. Edward Parker.

Marguerite Richards.

County Commissioner Payne reports that there were some papers missing and should these be found there may be others to receive eight grade certificates besides those mentioned above.

The following pupils successfully passed the seventh grade examinations and will receive certificates:

Janice Bailey.
Everett Corwin.
Chester Lozon.
Ehra Walters.
Anna Cherven.

CLASS OF 1923 TO GRADUATE

IS LARGEST CLASS IN MANY YEARS. PROF. REED TO SPEAK.

Baccalaureate Sunday; Class Day and Commencement Wed. and Thurs.

The largest class to graduate from Grayling high school in many years will finish their school work next week. It consists of ten girls and five boys at follows:

Olga Nielson.
Eleanore Schumann.
John Phelps.
Eunice Schreiber.
Kristine Salling.
Herman Hanson.
Myrtle Winslow.
Maxwell Yahr.
Emerson Brown.
Sadie Vallad.
Rose Cassidy.
Archie Cripps.
Helen Smith.
Marguerite Montour.
Fern Hum.

The motto selected by the class is "Not evening but dawn." The class colors are crimson and gold; the class flower, rose.

Baccalaureate.
The baccalaureate sermon will be given by Rev. Jones at the Michelson Memorial church, Sunday evening, June 10th, at 7:30 o'clock.

Class Day June 13.
An interesting program has been prepared for class day which will be held in the school auditorium, Wednesday evening, June 13, at 8:00 o'clock and is as follows:

Class Day.
Professional—
Invocation—
Music—Boys Quartet.
Salutatory—Eleanore Schumann.
Class History—Fern Hum.
—Marguerite Montour.
Piano Solo—Rose Cassidy.
Class Prophecy—Kristine Salling.
—Eunice Schreiber.
Emerson Brown.
Myrtle Winslow.

Giftatory—Helen Smith.
Class Will—Maxwell Yahr.
—Archie Cripps.
Violin Solo—Herman Hanson.
President's Address—John Phelps.
Music—Girls Glee Club.
Benediction.

Commencement June 14.
The commencement program will also be held in the school auditorium, and will be on Thursday night, June 14 at 8:00 o'clock, as follows:

Professional—
Music—Girls Glee Club.
Valedictory—Olga Nielson.

The following pupils successfully passed the seventh grade examinations and will receive certificates:

Janice Bailey.
Everett Corwin.
Chester Lozon.
Ehra Walters.
Anna Cherven.

The following pupils successfully passed the eighth grade examinations and will receive certificates:

Janice Bailey.
Everett Corwin.
Chester Lozon.
Ehra Walters.
Anna Cherven.

The following pupils successfully passed the seventh grade examinations and will receive certificates:

Janice Bailey.
Everett Corwin.
Chester Lozon.
Ehra Walters.
Anna Cherven.

Gifts that Last, for

Birthdays
Graduations
Weddings
Anniversaries

THE GIFT of a Bride is cherished for years to come, therefore there could be no gift more appropriate than that of silver ware.

There is no time when a gift of a watch, a fine diamond or a dainty piece of jewelry is more appropriate than at Graduation time—the sentiment that will linger around through the years to come.

Therefore a gift of moderate cost THAT LASTS is more acceptable than one more elaborate and lacking in sentiment. You will find in our store a carefully selected assortment of the most lasting gifts to suit all purses and tastes.

We hereby extend to you a cordial invitation to visit our Gift Shop and inspect our stock before purchasing your gifts for these Memorable occasions.

Remember we carry a line of cards for all occasions.

Here's for "GIFTS THAT LAST," at the Gift Shop.

Red Crown

The High-Grade Gasoline

Has the Punch

It follows through — there is no halfhearted piston stroke; neither is there a slapping piston stroke to rack your engine. Instead, Red Crown imparts a steady, steam-engine-like pressure to the piston that sustains and follows through the length of the stroke. That explains both the smooth flow of rhythmic power and the abundance of sustained pulling power. Red Crown offers to the motorist

The Utmost of Service

It has all the intrinsic merit that science has been able to put into any gasoline. It is manufactured so that it will vaporize at just the correct temperatures, to cause instant starting — a quick, snappy get-away — a smooth, gliding acceleration — tremendous power — racing speed if you want it — and most miles per gallon.

Fill your tank with Red Crown today.

THURSDAY, JUNE 7, 1928.

YEAR BY YEAR WE ARE GETTING BETTER.

Those of our citizens who watch the progress of our schools, must be well aware that each year our standards are rising. We are getting better teachers and our aims are at bigger things. There is getting to be greater interest and the honor roll among pupils is growing fast.

Grayling schools have been upon the University of Michigan accredited list for many years, and have always stood well among the state institutions of learning, but never-the-less we have made decided advancements along all lines of school work during the past decade. Much of this is due to the efforts of Supt. B. E. Smith. He himself supports Michigan degrees of A. B. and M. of A. and insists that the teachers who are employed under him shall have had well founded training as such.

More modern text books are being installed in the schools, and more practical matters are studied. We will venture to say that we doubt if there is a school in Michigan where the pupils have a broader and better knowledge of their municipal government, know the names of the various officers, when and for how long they are elected, their duties and salaries.

Some of the text books on civics are obsolete in their teachings that they appear to the well informed as jokes. When such subjects are assigned pupils are instructed to return to classes with practical and correct answers. This subject has been under discussion during the present week and the newspaper, the office holders and fathers and mothers generally have been besieged with questions. Now most of these young boys and girls can tell the average office holder more about what his duties are, how long he is elected for, his salary and other matters pertaining to his office, than many of the office holders themselves. If there may be any doubt about it just ask any of the Junior high pupils, and your questions will be answered forthwith.

We are growing from the theoretical to the practical in education, from the cow-bell form of so-called music to the classical music and the study of its authors; we are learning to love the beautiful things in life; replacing the sham with the genuine. And in sports to win or lose upon our merits and to honor our adversaries.

In this work Prof. Smith has been ably assisted by Miss Fuller, principal and the school has had excellent progress. She has accepted a position as principal in Birmingham Junior high school for next year and we are indeed sorry to lose her. However she will be ably succeeded by Miss Belows, who during the past two years has been on our high school faculty and is recognized as a teacher of high ability and character.

Back of the school faculty our school board has stood in a solid unit. They have had faith in the management of the schools and it is proven that their confidence is well founded. We are proud of our schools and the kind of men and women they are turning out.

GRAYLING BOY TO GRADUATE FROM WEST POINT.

Emerson Bates Finishes 4 Year Course June 12.

Russell Emerson Bates, only son of Mr. and Mrs. Melvin A. Bates of this city, will complete his course of training at West Point Military academy next Tuesday, June 12th.

He represents the 10th congressional district of Michigan and was appointed by Congressman Currie in the year of 1919. Emerson was born in Grayling 23 years ago, and graduated from Grayling schools. He is one of 262 out of a class of 479 that started four years ago, to finish his course. A fellow has to be every inch a man and be endowed with a sound mind in order to graduate from Uncle Sam's big army school. Grayling is proud to add another to its roster of West Point graduates. Will Manvering and James Hartwick likewise honored their home town by graduating from West Point.

Emerson will graduate with a rank of second lieutenant. He intends to return to Grayling for a brief time this summer and in due time will be instructed by the war department of the U. S. government where to report. At this time the graduates have no knowledge as to where they may be sent.

Mr. and Mrs. Bates and daughter Miss Mildred intend to be present at the graduation exercises at West Point Tuesday.

ENGAGEMENT ANNOUNCED.

(From The Standard, Westfield, N. J.)

Mr. and Mrs. Edgar Watlington, of 305 Euclid avenue, gave a dinner party Saturday night at the Wagoner Hotel to announce the engagement of their daughter, Elizabeth Emerson Bates, of Grayling, Mich. Among those present were: Mrs. Bates of Grayling, Mich., Mrs. Jos. Turner and Miss Dorothy Turner, of Ridgewood, N. J.; the Misses Margaret and Jean Beatty of Brooklyn, N. Y.; and Miss Virginia Nicholas and Miss Betty and Cecily Watlington, of Westfield, N. J.; Mr. Russell Emerson Bates, Mr. Warren Stout, Mr. Emerson Cummings, Mr. Walter Marinelli, Mr. William Lucas and Mr. Breitung, all of West Point, N. Y.

LOCAL NEWS

Take your prescriptions to Central Drug Store.

Rev. W. L. Jones is spending a few days in Bay City visiting relatives.

E. Dougherty of Lapeer is visiting at the home of James Cassidy this week.

There will be no services in the Danish-Lutheran church next Sunday as the pastor is absent.

Mrs. Mary Brown of Lansing arrived Monday to visit at the home of her son James Brown and family.

Come and get some of the great bargains that Abrahams is offering at Frederic.

Don't miss the base ball game next Sunday. The locals will cross bats with the fast Cheboygan team.

The large stock of Salling Hanson Co., is being closed out rapidly. Still time to get in on some good bargains.

J. B. Sweeney, traveling freight agent for the Toledo, St. Louis & Western R. R. Co. was in Grayling on business today.

Charles Gothro is driving a new Oakland six which he purchased from Lorane Sparkes, the agent for the Oakland car in Grayling.

The baccalaureate sermon for the graduating class will be given at the Michelson Memorial church next Sunday evening at 7:30 o'clock.

Miss Orel Cameron returned Wednesday afternoon to Detroit after visiting her mother, Mrs. Harrison Cameron and family for a couple of weeks.

Rolla Hull of Saginaw visited his family in Grayling over the week-end. His son Jack accompanied him to Saginaw on his return for a visit with his grandparents.

Guy Wheaton of Pontiac is the guest of Miss Lillian Dorval this week. Rev. J. A. M. Rodholm will deliver a lecture at Danebod hall next Thursday evening, June 14 at 7:30 o'clock.

Mr. and Mrs. Peter Madsen and daughter Eva arrived in Grayling Tuesday from Portland, Oregon, and that night left for Detroit owing to the illness of Mrs. Jens Ehlerson. The Madsens expect to remain in Grayling for some time.

Augustus Rosengreen of Fletcher, passed away at his home early last Saturday morning. The funeral was held Monday. Mr. Rosengreen was quite well known to many here, having come to Grayling for many years to do his trading and sell products raised on his farm.

A number of Grayling people drove to Roscommon last Thursday evening to hear Dr. Rice of Detroit give a Commencement address there. His subject was "Making Use of Waste Products and Things that have been Discarded." His appeal to the young folks to avoid indulgence in waste time and a wasted life was forceful and will not soon be forgotten.

Rev. and Mrs. Kjolhede, who have been visiting relatives and friends in Minnesota for the past two weeks, this week are attending the annual convention of the Danish-Lutheran churches of America, that is being held in Cedar Falls, Iowa. They will return home next week and will be accompanied by Rev. J. A. M. Rodholm of Texas who will give a lecture at Danebod hall Thursday evening, June 14 at 7:30 o'clock.

Word from Detroit Monday, announced the marriage of Miss Helen Brown and Loyl Cameron. Both are popular Grayling young people, the bride the daughter of Mr. and Mrs. Peter L. Brown, and the groom the son of Mr. and Mrs. James Cameron. Mrs. Cameron is a graduate of Grayling High School and following a commercial course at Bliss-Alger College, Saginaw, has been doing clerical work for a Saginaw firm. The happy young couple have hosts of friends in Grayling who extend congratulations and best wishes.

State Forester Marcus Schaaf was the principal speaker at the noon luncheon of the Board of Trade this Thursday. It was one of the most interesting addresses we have been privileged to listen to at these gatherings. He emphasized the fact that most people do not interest themselves in these public matters, and invited the members of the Board of Trade to visit the Higgins Lake forestry, which is only 12 miles distant, where may be seen a good example of State forestry. Mr. Wideman, of the State Agricultural college, also spoke and told of some of the things the state experimental farm, located near Grayling, is doing.

BEGINS A SERIES OF MOTION PICTURES.

The Michelson Memorial church has begun a series of moving picture exhibitions on the Bible and Bible lands on Sunday evenings. The first of this series was given May 30, and was greatly enjoyed by the congregation.

This great series of pictures shown practically every city, mountains, valleys, river, sea and desert visited by, or connected with Bible Characters. And not only the places and their connection with Biblical history are shown, but the people, their habits and customs, whether they work or play, whether they sow, reap or grind. Shepherds, peasants, farmers, merchants, every type and their environment will be seen in the pictures.

The material is new, photography excellent and the prints beautifully colored.

A weekly series of moving pictures on industry and travel will also be given by the church. This series is very instructive and entertaining, and will be given on mid-week evenings. One number each week. The second number will be given Tuesday evening of next week, June 12th.

Admission free to both Sunday and mid-week exhibitions. An offering will be taken, however, to defray expenses.

FARM BUREAU NOTES

R. D. BAILEY
County Agricultural Agent

LIMESTONE LEGUMES LIVESTOCK

MEAN

PROFITS IN FARMING

When June Holds Court. A lovely queen is holding court. For thirty long, bright days, The blue sky is her canopy, O'er which the sunlight plays. She steps upon a carpet soft As velvet, thick and green, And every morning 'round are strewn Dew drops of rainbow sheen. Her harpist is sweet Bobolink Who bubbles liquid notes, While here and there 'mong daisies white

Burst songs from many throats. The roses come dressed in their best. Bound not to miss the sport, For it is such a happy time. When June is holding court.

Butter Sales Contest.

The interesting contest, to see what farm would sell the most butter, came to a close on the last day of May.

It will be remembered that Grayling's jeweler, Mr. Carl W. Peterson, Assistant Secretary of Grayling Board of Trade, offered thirty pounds of genuine certified North Dakota Grimm Alfalfa seed, valued at fourteen dollars, to the winner. Cream sold was to be counted in. Receipts were to be shown for all credits claimed. Mr. and Mrs. Theodore Christoffersen of Beaver Creek Township have been declared the winners, having delivered to customers 222 pounds of butter, and cream equivalent to 60 pounds of butter.

Mr. and Mrs. Christoffersen are to be congratulated for their faithful effort. They will receive the alfalfa seed at once; and we hope to see it growing luxuriantly. Once established, it will fill the barn with the best hay there is for dairy cows. It can be cut twice a year for several years. It reduces expense for grain for cows, as it contains eleven per cent of protein, the same amount that is contained in a hundred pound bag of bran.

Why more farmers do not grow alfalfa which improves soil, makes cows give more milk, and reduces outlay for grain, beats me.

Benjamin Said It.

It comes right back to what Benjamin Franklin said: "We are taxed more by our ignorance than we are by the government."

The Christoffersens are making a splendid effort to improve their little farmstead. Since I have been County Agent, they have bought agricultural limestone; bought an interest in a lime distributor; had a lot of stumps pulled; built and painted a neat, sensible little barn, with gutter for saving all the fertilizers; have sowed a nice piece of alfalfa, and have cleaned up the premises a lot.

Look Around You.

The manufacturers of a well-known beauty preparation say: "Don't envy a beautiful complexion—have one." I say: "Don't envy a man his field of alfalfa—have one." Look around you. See the wonderful field of alfalfa by the flooring mill—thick as hair on a dog, and big for its age. See the splendid 15-acre field of Mr. R. Hanson, south of the lumber piles. See the splendid stands on the Geo. Thomas farm, south of Frederic; on the farms of Theodore Christoffersen, John J. Niederer, Geo. Annis, Henry Borchers, Jens Hanson, H. P. Jensen, Elmer Ostrander, Andrew M. Jensen, L. B. Merrill, and Carl Love, and others. See it on the Hugo Schreiber farm; on the Douglas and Kuehl farms in Lovells township. See it on the Joseph Nichols, Hugo Schreiber, Jr., E. P. Richardson, McGillis, Augustus Funk farms, and others, in South Branch. See it on the Adam Gierke farm. See it on the State farm, just east of Grayling, as you go to Niederer's ice houses. On the Henry Feldhauser farm it is doing bravely, between the road and the lane, under very unfavorable circumstances, where it was sowed by the Hammer Bros. Had it been lightly top dressed with stable manure last fall, as I recommended, it would be much better. See it on the Frank Barber farm. See it on the Wm. Feldhauser farm in Maple Forest.

They Have Faith In It. Tony Nelson is sowing two bushels of the best Grimm seed on well prepared ground, on DuPont Avenue. Arthur Howe, Mrs. Murphy, Richard Babbitt, Geo. Annis, The Sunrise Club George Thomas, are all sowing liberally.

Don't envy a man his field of alfalfa—get one.

Still a Chance.

There is still time to put in more corn, soy beans for hay, and a piece of alfalfa or sweet clover. Try an acre or two of alfalfa or sweet clover anyway. It's not the mark of superior wisdom to hold back any longer. There is a time when caution can go too far.

Easy Enough.

The man who has a piece of land that ought to be built up, has his chance right now. Sow it to soy beans right away. Plow them under when in blossom. At once sow to vetch and rye, about last of August. Next spring, slap on a coat of stable manure, and put into corn. The following year, into sweet clover, and away you go.

In time, follow the sweet clover with corn; that, with alfalfa. It's a disgrace to a man to let fields die on his hands.

Baby Chicks.

This is the time of the arrival of the baby chicks, that, later, are to pay the family grocery bill by sale of nice fat poultry for table use, and by sale of eggs.

Best Ways.

There are ways to cut down losses in raising chicks. Don't say you are too old a hand to be told anything.

A Wizard.

The professor of Poultry Husbandry at our Agricultural College is a wizard in his line.

He Says.

Professor E. C. Foreman says: The destiny of the chick is largely

Arbutus Beach Resort

Special Rates to Families.

Wm. H. Deinienger, Manager.

determined before the egg is laid, and for this reason too much care cannot be exercised in selection and management of the breeding flock. In fact the combined problems of breeding, feeding, housing, incubation, and brooding are all involved in profitable chick raising.

Success or failure in the poultry yard is largely dependent upon the number of high quality pullets produced each year. Egg production costs usually increase in direct proportion to the percentage of old stock maintained. Production of eggs during the pullet year exceeds by twenty-five per cent that of any subsequent year.

That seventy per cent of the entire flock should consist of pullets, if economic production is to be attained, is shown by a survey of the most successful poultry farms in Michigan and other states. The pullet flock, moreover, should be early-hatched, well matured, and capable of heavy fall and winter production. A surplus of early hatched chicks permits rigid culling before the pullets are placed in winter quarters.

MANY ATTEND MERCY HOSPITAL DAY IN GAYLORD.

A large delegation of Graylingites were in attendance at Hospital day at Gaylord Tuesday when a campaign was carried out to raise funds for Mercy Hospital of this city. Grayling band alternated with the new Gaylord band in furnishing music and fine concerts were rendered.

In the afternoon there was a base ball game between business men of Grayling and Gaylord, the latter winning by a score of 9 to 5. Both teams played tight ball, except in the fourth inning when Grayling had a period of buck fever and Gaylord raced six men across the home plate. Almost everyone on the team did something foolish, miffing the ball, throwing wild or something equally disastrous. With the exception of this one inning it was as enjoyable a game to watch as anyone might care to see, and a number of eleven plays were made.

Following is the lineup of the Grayling players: Geo. T. Prehn, catcher; Rev. Fr. Bosler, pitcher; Holger F. Peterson, 1st base; Her' Gothro, 2nd base; Harry Reynolds, short stop; Supt. B. E. Smith, 3rd base; Ed. Chalker, Jake Letzkus and Joe Giltner, out fielders. Walter Nelson, a former Grayling boy but now a druggist in Gaylord, pitched for his home team, allowing eight hits. Fr. Bosler had a lot of smoke that day and some puzzling curves and allowed but five hits.

In the evening there was a dance at the municipal auditorium, which was well attended. Many Grayling people remained for the affair, and all report a good time.

LIGHTNING STRIKES AMMUNITION DUMP.

Lightning struck the ammunition dump at the Hanson State Military reservation last Saturday setting fire to the building and starting a series of explosions. There were millions of rounds of rifle cartridges in storage in the building and these began firing off. Nobody dared go near the building while the cartridges were exploding for fear of being struck by flying bullets. The building is of cement blocks but the roof and interior were entirely gutted by the fire and walls somewhat scarred by flying bullets. There was no great damage except in the loss of the ammunition which has been placed there for use during the August encampment.

Night Attack.

Farmer (pounding on door of city dude out to work his way back to health): "Hey, come on. Pile out. It's time to get up."

City Dude: "What's matter—what time is it?"

Farmer: "It's 3 a. m.—Time to get up, and milk the cows."

City Dude: "Heavens! have we got to sneak up on 'em in the dark?"

It Was Like This.

Hubby: "Ha, ha, ha, ha, HA!"
Wife: "What's so funny?"

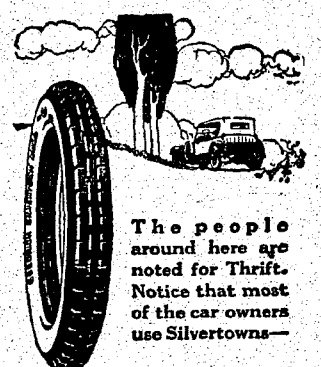

Hubby: "This story in the paper—ha!—says, a burglar entered the office and commanded the safe be opened. Miss Smythe, the stenographer who was alone in the place, was so frightened she showed him her combination!" HA!"

Wife: "GEORGE!"

Not That Kind A.Tall.
"Rastus, that dog of yours is a mongrel."

"No—suh. No, indeed. Jest common dawg."

Oh, Truth, Truth.
While leaving the church, Bobby's mother was criticizing the sermon. Bobby finally turned and said: "Gee, mon, what do you expect it's a dime!"

The people around here are noted for Thrift. Notice that most of the car owners use Silvertowns—

FOREST FIRES PERIL TOWNS

WOMEN AND CHILDREN FIGHT
BLAZE TO SAVE HOMES—
MUCH DAMAGE DONE

RANGERS CALLED OUT IN CRISIS

Many Acres of Timber Devastated in
Three States and Provinces
in Canada.

Pentwater—Hundreds of men, women and children were putting up a grim fight Thursday, to save their homes and villages as wind-fanned forest fires swept through this district. Thousands of dollars' worth of damage was done in some sections and the battle against the flames promised to continue all night.

The volunteer fire fighting force had waged a futile battle during the early hours of the day and when the settlement itself was in extreme danger schools were dismissed and the students joined in the work.

Fighting with blistered hands, eyes swollen and almost blinded by the dense smoke, in some cases, with shoes almost burned from their feet, the villagers were beginning to make a little headway late Thursday evening and it was believed the flames would be halted before the main part of the town was reached.

St. Paul, Minn.—Federal and state forestry officials combined with lumber companies and railroads Thursday to fight menacing forest fires in the north woods.

Thousands of acres of timber and brush are reported afire in northern Minnesota, Wisconsin and Michigan. In southern Ontario the situation is even more menacing, according to reports here.

Many new fires were reported on both sides of the Rainy river, and in the Lake Kabetogama district. More were discovered on the north shore of Lake Superior, adjacent to the Superior national forest.

Manitowish—Thousands of acres of timber had been burned over up to Thursday night by the forest fires raging in this district. Rangers and men everywhere have been fighting them for days with little result.

Quebec—Serious fires have broken out in western Quebec, said reports received at the forestry branch of the department of lands. Sixteen hundred fire rangers are fighting the flames. Sportsmen and settlers are forbidden to enter the affected area without permits.

SETH REED IS 100 YEARS OLD

Methodists From All Over the State
Gather to Celebrate Affair.

Flint—Church and civic ceremonies in Flint will mark the last day of the hundredth year of the life of the Rev. Dr. Seth Reed, for 79 years a Methodist minister in Michigan and the oldest clergyman of that church in the world.

About 200 Methodist ministers and their wives from the Michigan and Detroit Conferences, were expected at the noonday luncheon to be served at the Court Street Church.

Dr. Reed was admitted to the old Michigan Conference, before the division into two conferences, June 15, 1844; hence both the Michigan and Detroit conferences of the church look upon him as the patriarch of the state.

POOR BOX THIEF SHOT BY PRIEST

Boy Caught in Church—Wounded as
He Attempts to Escape.

Detroit—The Rev. Fr. Michael G. Esper, pastor of St. Boniface Church, shot a 14-year-old boy who sought to escape after the priest caught him robbing the church poor box. The boy, who gave his name as Harold Smith, of Sudbury, Wis., said his elder brother, John, 13 years old, had been acting as lookout and escaped during the excitement.

Awakened by the ringing of a bell, which is so arranged that it sounds when persons enter the church, Father Esper got his revolver and went to investigate.

He had been made wary of burglars because the church was entered several times in the last two weeks, he said.

The captive was only slightly wounded, and is held at the Juvenile Detention Home.

Rail Workers Strike Gold.

Redding, Cal.—A stampede of Mexican laborers engaged in building a temporary track around a burning tunnel on the Shasta route from California to Oregon was caused when a big blast revealed quartz carrying good values of gold. After they had filled their pockets with specimens the laborers were persuaded to return to work. It was in a railroad cut a mile further north that two Kennet miners a few years ago cleaned up \$2,700.

Scout Cruiser Sets Speed Record.

Quincy, Mass.—The new scout cruiser Detroit, returning from her trials on the Rockland, Me., course, was greeted at the Fore River Yards here as the holder of a new speed record. The vessel reached a speed of 35 knots over a measured mile on the Rockland course during her trial runs, setting a new mark in Atlantic waters. In her run from Rockland the Detroit was given her final test, a six hour run at 25 knots to test fuel consumption. Officers on board said the trial was satisfactory.

CLAUDE KITCHIN

Wilson, N. C.—Rep. Claude Kitchin, former Democratic leader in the House of Representatives, who in 20 years of service in Congress never lost his temper in debates, died here last week. The end came after an illness dating from a paralytic stroke suffered in 1920.

BALDWIN PLANS PEACE IN RUHR

Britain Joins Powers in Effort to
Present United Front to Germany.

London—Having completed the formalities of his induction into office, Stanley Baldwin, Great Britain's new Prime Minister, has indicated his intention of dealing with the reparations question before taking up any other issue and that the immediate object of British diplomacy will be to arrange for a new conference.

Mr. Baldwin agrees with Lord Curzon on the general principles involved, and wants, above everything else, solidarity of the Powers in the discussion of the next German note.

To this end, Great Britain will join Belgium, Italy, and France in writing the reply, thereby throwing the whole Ruhr problem into a general conference.

Nothing official has been received in London regarding Belgium's note to France outlining new terms, but it is believed that this new line of action offers every possibility of united action and perhaps a high road to a complete settlement.

Reports from Berlin strike the most optimistic note in many months, especially the latest move in the Reichstag to offer terms making the Western powers partners in the main productive activities of German economic life.

AMERICA SAFE FROM AIR RAID

Late Developments Make U. S. Sea
Coasts Impregnable.

Washington—America is safe from aerial invasion. While the nation has watched in amazement the spectacular and phenomenal post-war development of aviation, other branches of the army and navy have not remained idle.

Working quietly, but efficiently, the coast artillery, the ordnance department, the chemical warfare service, and corresponding branches of the navy, have evolved a system of defense against that very development which will render American sea coasts and cities impregnable to attack by air.

Anti-aircraft development, it was learned Thursday, has kept pace, step by step, with the rise of aviation since the war and there is no great improvement in the aeroplane as an offensive weapon that has not been matched and offset by defensive strategy.

AIR FREIGHT LINE FOR DETROIT

Plan To Make Two Trips Daily To
Cleveland and Buffalo.

Detroit—Detroit is to have the first all freight air line in America. Beginning about July 1 the International Airways company will have aeroplanes making two trips a day between Detroit and Cleveland, and later, two daily trips will be made between Cleveland and Buffalo.

They are to be Junkers, all metal monoplanes, equipped with pontoons. They have a carrying capacity of 1,500 pounds and a speed of 135 miles an hour.

They will make the trip between Detroit and Cleveland, a distance of 60 miles by air, in less than an hour. Parcels may be dispatched from Detroit as late as 5 o'clock in the evening for delivery in New York the next morning.

Boy's Prank Derails Train.

New York—A heavy timber placed across a railroad track, supposedly by boys, caused one death and the injury of eight persons when it derailed the locomotive and two coaches of a passenger train of the putnam Division of the New York Central Railroad in the Bronx. The locomotive overturned, killing the engineer, Hugh Kirk. Charles Serhey, fireman, and Alexander Rawlski, a passenger, both of New York, were seriously injured.

Veterans Refuse To March.

Louisville, Ky.—Twenty-four veterans of the war between the states refused to march in a joint memorial day parade here, when the chairman of the committee on arrangements, a federal veteran, refused them permission to carry the stars and bars of the confederacy at the head of their column. The veterans came from the confederate home at Pewee valley, near Louisville, upon invitation, they said, of a committee to participate with veterans of other wars in the exercises.

Electric Range Hatches Chicks.

Stratford, Ont.—Something new in electric range uses was discovered this week by a Stratford lady who had 13 eggs under a clucker. When the chickens began pecking at the shell, she conceived the idea of taking them away from the hen and placing them in the warming department of the range. She fixed up a hat box lined with flannel and placed the whole thing in the compartment, keeping the temperature at 90 degrees. The 13 chicks lived through the experience.

Items Of Interest in World's News

Chorister 80 Years, Dies.

Battersea, Eng.—Eighty years of continuous service in church choirs ended with the recent death of Joseph Kenningham, 91. For many years he was soloist in Salisbury Cathedral. He had sung at every Handel Festival since 1862.

War Ace Killed in Test Flight.

Paris—Former Captain Doullin, one of France's leading aviators in the World War, was killed last week in the fall of a new machine which he was testing at Villacoublay. During the war Doullin achieved 24 victories over German planes.

Hit By Baseball, Dies.

Salem, Mass.—Walter Hlenski, a grammar school pupil, was struck above the heart by a pitched ball during an elementary school league baseball game here and died in a few minutes. He was 13 years old and one of a family of 11 children.

Daughter's Aide Kills Self.

Washington—Jesse W. Smith, for years the close personal friend and political aide of A. J. A. C. Daugherty, committed suicide last week in the hotel apartment where he and the attorney general had lived together since the beginning of the Harding administration.

American Women Meet Royalty.

London—America was represented by a large number of presentations when King George and Queen Mary held their first court of the season at Buckingham palace last week. Mrs. Post Wheeler, wife of the American charge d'affaires, introduced thirteen of her countrywomen.

Rent Raised, Kills Self.

Columbus, O.—High rents took their first toll in human life here when George Edley, 60 years old, sent a bullet through his heart. Edley, who conducted a shoe repairing shop, despaired of making a living for his wife and three children, when informed his rent would be increased \$35 a month.

Michigan Men Win Commissions.

Washington—Application for commissions in the army reserve corps have been accepted from three Michigan men: Osmond Elton Rewey, Detroit; second lieutenant, quartermaster corps; Chris Louis Bolger, Saginaw, second lieutenant, infantry; William Richards, Lansing, Captain, finance corps.

Claims the Smallest Mules.

Yuba, Calif.—While Missouri and Kentucky may boast the raising of the largest mules, Sutter County is laying claim to the two smallest mules. One weighs 44 pounds, and is 30 inches high, while the other stands 28 inches high and tips the scales at 34 pounds, the smallest mules in the world.

German Mark Hits Low Record.

New York—German marks sold in the foreign exchange market here last week at \$16.25 a million, a new low record, for all time. Bankers report little commercial demand for the German currency, although large quantities of marks are purchased by local residents for transmission to relatives and friends in Germany.

New Pacific Speed Record Made.

Victoria, B. C.—Creating a new trans-Pacific record for American vessels, the Admiral liner, President Grant, arrived here from Yokohama, completing the journey in 9 days, 1 hour and 45 minutes. The previous American record of 9 days, 41 hours and 51 minutes was made by the President Jackson, of the same line.

New Supply Chief for Ft. Wayne.

Washington—A new quartermaster for Fort Wayne has been announced in army orders here. Captain Guy S. Koopke, of the quartermaster corps, who is en duty at the St. Louis, Mo., general intermediate depot, has been relieved from assignment to that post and directed to proceed to Fort Wayne and report to the commanding officer for duty as quartermaster.

Freak Chicken Hatched.

Riverdale, Md.—Mrs. Eugene Jardine, of Madison avenue, had a surprise when she removed a setting hen and her brood of little chicks from the nest. Prominent among them was a chick with four legs and an extra wing. The setting of pure-blooded Plymouth Rock eggs bore a guarantee for 15 chicks. Now Mrs. Jardine is trying to figure out what effect the extra half chick will have on the warranty.

Largest Python Measure 20 Feet.

London—There is printed much interesting information about the length of snakes, a subject which "intelligent witnesses," as well as imaginative pictures, have treated with much exaggerated testimony. The python, 20 feet in length, that died in London Zoo, not so long ago was the largest reptile ever confined there. There is a general impression that pythons reach a length of 40 feet or more, but this is an absurdity according to all authorities on reptiles.

FROM FAR AND NEAR

In 1922 Russia imported 264 automobiles.

Montreal is planning a new hotel to cost \$9,000,000.

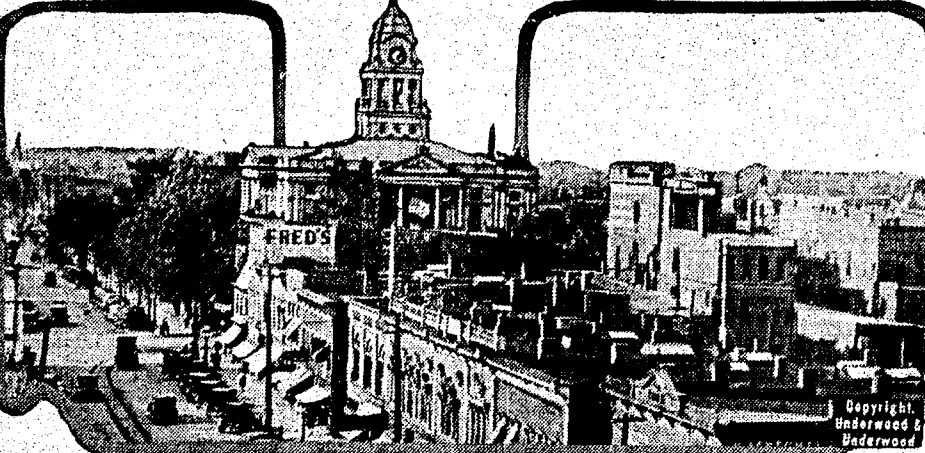

The typhoid bacillus is so minute that a drop of water might contain millions.

Infantile paralysis is an infection of the nerve cells in the front part of the spinal cord which control muscle movement.

A blow fish can inflate itself to twice its natural size.

A real star radiates heat and as it cools it shrinks.

Marion, Ohio, Harding's Home Town, Is "Flat Broke"

Here is a view of Marion, Ohio, Harding's home town, which is "flat broke." An official check shows the city cannot pay its debts and that police, firemen and library employees may have to wait some time for the pay due them. A bank that has been providing the city's pay roll for the last year refused to forward more money.

Government May Buy Palm Canyon

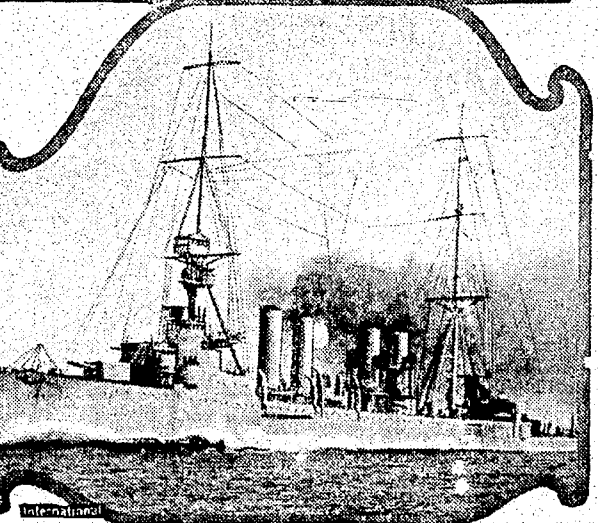

Announcement has been made that the United States government has entered into negotiations for the purchase of 1,600 acres south of Riverside, Cal., to be converted into a national park. The territory comprised is known as Palm Canyon, a strikingly beautiful natural phenomenon in the heart of desert country. Thousands of stately palms surround a splendid stream of water.

Official Arson in Washington

Deliberately setting a new building on fire seems a strange thing to do, but that's exactly what happened at the bureau of standards in Washington. The idea coming from Secretary Hoover. The object of this official fire was to test out the inflammability of various materials used in making office equipment and in construction of buildings.

Pickmond In Fast Scout Cruiser

The United States scout cruiser Richmond, leaving the waters of the Maine coast during her official trials. This ship is said to be the fastest of her class in the world. She was built by the William Cramp & Son corporation, is of 90,000 horsepower and makes 35 knots an hour. She is 550 feet in length and carries 12 six-inch guns. A unique feature of the rigging is that it is all insulated in order the better to receive radio messages.

WHEAT—Cash No. 2, red, \$1.31; 1.32; No. 3 white, \$1.31; 1.32; No. 2 mixed, \$1.31; 1.32.

"KID" GLEASON AND COACH WALSH

"Kid" Gleason of the White Sox and Ed Walsh, former White Sox star pitcher of nearly a score of years ago, hope to help make the team a pennant winner for owner Comiskey this year.

Coach Spike Webb

Spike Webb, boxing coach of the United States Naval Academy, which defeated the University of Pennsylvania for the intercollegiate championship of America, after going through a season without a defeat. Webb coached the American Olympic team winners at Antwerp, Belgium, in 1920.

John McGraw Would Take Ball Team to Far East

J. J. McGraw, manager of the world's champion New York Giants, has laid plans for taking a baseball team to Australia and New Zealand either late this year or in 1924. B. J. Kortland of Sydney, N. S. W., proposed such a trip to the Giant leader, who expressed enthusiasm at the project. It is probable that the team selected will also play in Japan, Hawaii and the Philippine Islands.

Willie Ritola Seeking His Citizenship Papers

Willie Ritola, the famous runner of New York, came to the United States from Finland in 1914. He started running in 1919. He received his first citizenship papers a year ago, and should receive his final papers next April. He will then be eligible to carry the American shield in the Paris Olympic games.

NOTES OF THE DIAMOND

George Grantham is making good with the Chicago Cubs.

Eddie Collins has played in six world's series—1910, 1911, 1913, 1914, 1917 and 1919.

Crowds continue to flock to the big league games. Old Prosperity is with the magnates.

Frank Reiger, home-run king of the Western association, was among the players turned over by Kansas City to Enid.

The Kansas City club continues to supply Oklahoma City with pitching material. One of the late ones sent down is Radloff, who, according to Jack Holland, looks good.

Hugo Bezdek, former manager of the Pittsburgh Pirates and now athletic director of Penn State college, has been elected president of a little independent league of four clubs operating in the vicinity of Pittsburgh.

If there are any better first basemen than Lefty Grimm, the fans of Pittsburgh would like to get a glimpse of them.

Manager Kid Gleason of the Chicago White Sox, well supplied with outfielders, wants Bib Falk to take up pitching.

Sacramento seems to have made a lucky deal when it got Bill Hughes, formerly with Rochester, through the Pittsburgh club.

Edwin Dyer, Branch Rickey's rookie pitcher, is showing himself to be a great hitter since he was sent to the Cardinals' outfield.

When the Chicago Cubs paired off as roomies, Osborne and Adams decided to bunk together. Osborne is about the biggest man in the National League and Adams about the smallest.

Cappy Ricks, college first baseman, who had a trial with Atlanta in the early training period, has been signed by the Scranton club of the New York Pennsylvania league.

CONSIDER BACKSTOP IMPORTANT PLAYER

By Keeping Cool He Becomes Great Steadying Influence on the Pitcher.

(By CARL LUNDGREN, Baseball Coach, University of Illinois.)

The catcher is one of the most important players on the team. He should be a cool, alert individual, always ready to pick out any weakness that the other team discloses in its batting, and always ready to take advantage of these weaknesses. If he can remain calm and collected through the worst batting rallies that his opponent may start, he becomes a great steadying influence on the pitcher. On the other hand, if he gets excited and loses his head, he will become a great hindrance to the team's success.

The catcher should be able at all times to handle thrown or pitched balls without dropping or fumbling. He should never allow himself, whether in a game or during practice, get into the habit of dropping the ball.

Many catchers keep their hands in a continual state of pain by carelessness in the position in which they hold their hands when receiving a ball. The fingers should be held close together and pointing either upward or downward. In other words, if your hands were planes, the surfaces should be parallel to the course of the ball coming toward you or very nearly so, and never perpendicular to it if possible to avoid it. This method of handling your hands will save many injuries to your fingers and will also enable you to handle the ball easier and cleaner.

The position the catcher takes behind the plate is very important. He should stand directly behind the plate, as closely as possible to the batter without likelihood of being hit by the bat or interfering with the batter. His feet and legs should be placed comfortably under him, and should not be spread too far apart or kept too close together. The left foot should be placed a little in advance of the right foot which brings you that much closer to your shifted or throwing position. Try to keep your body behind all pitched balls if possible unless so doing you place yourself in a position where the batter will interfere with your throwing. In such cases the ball must be caught and brought out or away from the batter in order to make throwing easier. In going after wild pitches to the right, move your right foot out far enough that you will retain your balance. For wild throws to the left side, move the left foot out.

Squat only enough to be able to carry your mitt comfortably at about the batter's waist from which position you can change the fastest to catch either a high or low pitched ball.

Jockey Lyne in Spain

Jockey Lyne, the American rider, has turned in numerous winners for the king of Spain.

Sporting Squibs of All Kinds

Perhaps they could make chess a little livelier by putting rubber cores into the pieces or else into the players.

Jack Corbett, former national sculling champion and coach of the Grand Rapids Boat club, has been signed as coach of the Lincoln Park Boat club at Chicago.

C. C. Mosher, '24, of New York and R. A. Newby, '24, of Washington have been elected captains of the Princeton varsity swimming and water polo teams, respectively.

Arthur Devlin, as scout for the Boston Braves, is proud of two players he unearthed: The Larry Benton, pitcher, and Bill Bagwell, outfielder, both of whom have made good.

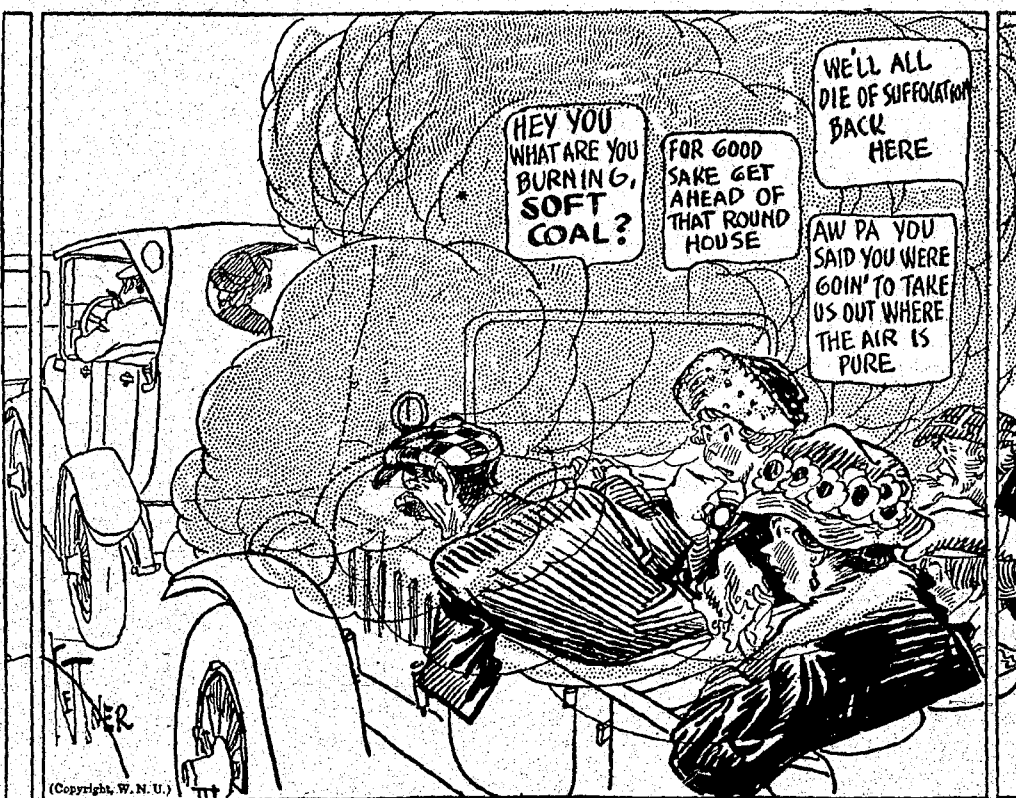

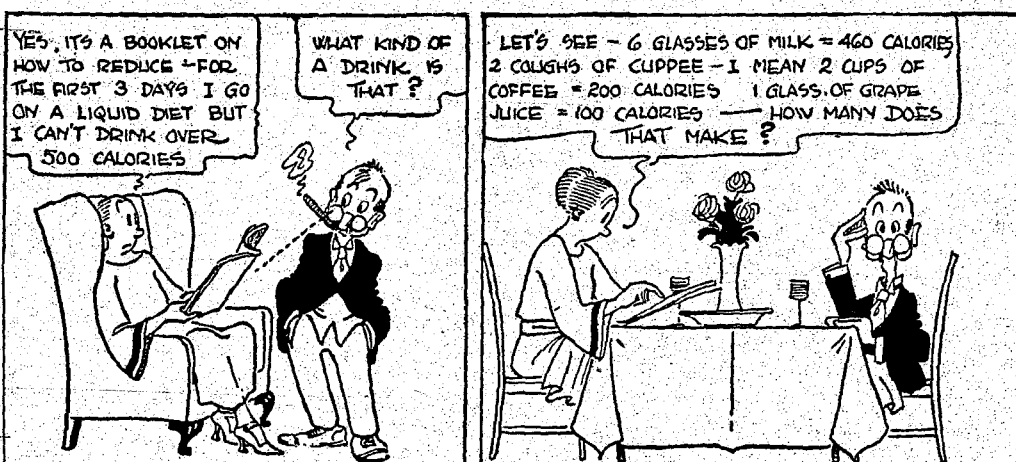

Glen Carberry, captain of 1922 Notre Dame football team, has been secured to coach football next season at St. Bonaventure college, Allegany, N. Y.

Fans of New Orleans have so taken to baseball this season that President A. J. Heineman has decided to enlarge the park, double deck the grand stand and add to the bleachers.

Winning crews in this year's Canadian Henley regatta to be rowed over the St. Catherine's course in July will represent the Dominion of Canada in the Olympic regatta in Paris next year.

Jack Knight, veteran infielder, is playing second base for Oakland in the Pacific Coast league. Twenty years ago he was known as "the boy third baseman" with the Philadelphia Athletics.

Having been barred from the Olympic games in Paris in 1924, Germany will hold its own Olympic games beginning July 15 this year. French and Belgian athletes have not been invited to compete in the sports.

OUR COMIC SECTION**On the Concrete****The Calorie Business Is Too Much Trouble****Write Your Own Endings****Changes on the Earth**

If the ancient Greeks could revisit the earth they would hardly recognize their beautiful country. If the statements made by one authority can be sustained, Attica has lost the greater part of its forests, the rainfall has decreased and the temperature has increased. The heat in the open air now, it is contended, is so great that the Olympian games of antiquity would be virtually impossible.

Many other parts of the earth show similar changes. The once beautiful oasis in the Syrian desert, where Zenobia reigned over Palmyra, is now a desolate waste. In upper Egypt, where only a hundred years ago rain was abundant, drought now usually prevails.

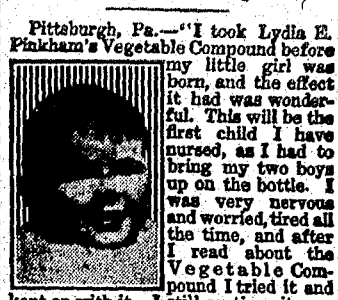

The Round Robin.

The practice of the round robin is supposed to have originated among the officers of the French army. They adopted this system of protecting

themselves in making known their grievances to the king and parliament. It was a case of preferring to "hang together rather than separately." The name "round robin" itself is generally considered of French origin. Some authorities derive it from the French "rond," round, and "ruban," meaning a ribbon. The word "ruban" probably had reference to the material on which the military protests were written. The round robin has become a common political practice in nearly every country in the world.

THIS LITTLE BABY GIRL

Was Benefited by the Good Her Mother Got from Lydia E. Pinkham's Vegetable Compound

Pittsburgh, Pa.—"I took Lydia E. Pinkham's Vegetable Compound before my little girl was born, and the effect it had was wonderful. This will be the first child I have nursed, as I had to bring my two boys up on the bottle. I was very nervous and worried, tired all the time, and after I read about the Vegetable Compound I tried it and kept on with it. I still continue its use and recommend it to my friends. You may publish these facts as a testimonial for your medicine."—Mrs. Wm. E. Kline, 169 Plymouth St., Pittsburgh, Pa.

It is remarkable how many cases have been reported similar to this one. Many mothers are left in a weakened and run-down condition after the birth of the child, and for such mothers the care of the baby is well-nigh impossible. Not only is it hard for the mother, but the child itself will indirectly suffer.

Lydia E. Pinkham's Vegetable Compound is an excellent tonic for the mother at this time. It is prepared from medicinal roots and herbs, and does not contain any harmful drugs. It can be taken in safety by the nursing mother.

Women**Made Young**

Bright eyes, a clear skin and a body full of youth and health may be yours if you will keep your system in order by taking

LATHROP'S GOLD MEDAL HAARLEM OIL CAPSULES

The world's standard remedy for kidney, liver, bladder and uric acid troubles, the enemies of life and looks. In use since 1896. All druggists, three sizes. Look for the name Gold Medal on every box and accept no imitation.

Dr. Kellogg's Asthma Remedy

For the prompt relief of Asthma and Hay Fever. Ask your druggist for it, 25 cents and one dollar. Write for FREE SAMPLE. Northrop & Lyman Co., Inc., Buffalo, N. Y.

MR. GUNNYSACK GETS EVEN

For Once, He Is Satisfied He Got the Better of Hated Telephone Company.

Old Mr. Gunnysack, whose standing grievance has been the service he obtained from slot machine telephone booths, is at last mollified. It has been his bitter complaint that frequently delay in getting a number has forced him to sacrifice his nickel, the said nickel being a total loss because he lacked time to wait for Central to return his coin.

The other day he approached a booth in one of the railroad terminals as a harassed and hurried-looking young man emerged and made a wild dash for an about-to-depart suburban train. Mr. G. entered the booth, deposited his nickel and gave his number. "The line is busy," said Central in a moment or two. "I'll return your money." And with that Mr. G.'s nickel fell into the little compartment provided. But it was not alone. With it came 35 cents which the hurried young man, his out-of-town number being also busy, had not waited to collect.—New York Sun.

A Fable.

"Mine" (wrote the film publicity agent to his love) "is flaming super passion, the real tender world-shaking stuff that gets you by the heart-strings, raw elemental throbs that grip and clasp and quiver and clutch. You have never before conceived that such a colossal super-love could be featured throughout all the ages."

And she wrote back sadly: "You are getting tired of life. I miss the lyrical ecstasy of your earlier letters. Why do you write so formally, so coldly? I no longer stir you. Good-by."—London Answers.

Jokes at an Operation.

After administering a local anesthetic, surgeons at a New York hospital cut through a man's skull and scraped out a brain tumor which would have killed him had it been allowed to remain a few days longer. Throughout the operation the patient chatted with the doctors and exchanged jokes with them.

SUPERVISORS PROCEEDINGS.

At a meeting of the Board of Supervisors for the County of Crawford held at the Court House in the Village of Grayling, on Thursday the 12th day of April, 1923.

Board called to order and the clerk read the notice of the meeting.

Present: Hans Christenson, Charles Craven, Melvin A. Bates, James E. Kellogg, Wm. G. Feldhauser, Oliver B. Scott.

Absent: none.

Moved by Craven, supported by Christenson that M. A. Bates be selected as temporary chairman of this meeting. Motion carried. Mr. Bates took the chair.

Moved by Craven, supported by Christenson that the rules be suspended and the clerk be instructed to cast the entire ballot of this Board for M. A. Bates as permanent chairman of this Board. Motion carried.

Number of votes cast six (6), of which (6) were cast for Mr. Bates who was duly declared chairman for the ensuing year.

Resolved that whereas Northeastern Michigan is promoting a "Top of Michigan" potato show to be held at Gaylord, Michigan, and Whereas, Crawford County is included within the district and becomes a participant in the movement of promoting

the development of potato growing and marketing.

And whereas, the proposition is of considerable interest and benefit, and as such, becomes of interest to the potato growers of Crawford County as an advertising medium as well as providing a direct sales contact between the buyer and grower.

Therefore Be It Resolved that the sum of \$32.00 be and the same is herewith appropriated from the general fund of the county, payable to the Secretary of the "Top of Michigan" potato show at Gaylord, Mich., as the amount of the quota of Crawford County, to apply to a fund to carry out the proposition as outlined to the Board of Supervisors by the officials of the said organization.

Moved by Craven, supported by Kellogg that the resolution be accepted, approved and adopted.

Yea and nay vote called. All members voting yea, the motion carried.

Moved by Craven, supported by Feldhauser that the chairman be authorized to appoint the standing committees for the ensuing year. Motion carried.

Communications read and filed.

Moved by Christenson, supported by Feldhauser that the Board adjourn until nine o'clock tomorrow morning.

Motion carried.

Frank Sales, Clerk. Melvin A. Bates, Chairman.

Friday.

Board met pursuant to adjournment. Roll called. All members present.

Committees appointed for the ensuing year as follows:

Ways and Means—Craven, Scott, Feldhauser.

Claims and Accounts—Scott, Feldhauser, Christenson.

Finance and Settlement—Kellogg, Christenson, Craven.

Equalization—Scott, Craven, Kellogg.

Apportionment—Feldhauser, Christenson, Scott.

County Buildings—Craven, Kellogg, Christenson.

County Poor—Christenson, Kellogg, Scott.

Roads and Bridges—Kellogg, Scott, Feldhauser.

County Printing—Christenson, Craven, Feldhauser.

Rules—Feldhauser, Scott, Christenson.

Resolved that whereas, it has come to the attention of the Board of Supervisors that a number of the original section corner markers of the county as established and set have now become obliterated to such an extent that it is deemed advisable to remark such corners where necessary in order to perpetuate the marking of section corners of the county;

And whereas, provision is made for authority to the Board of Supervisors to appropriate a sum not to exceed \$200.00 in any one year for this purpose. Therefore be it resolved that the sum of \$200.00 be and the same is herewith appropriated from the general fund of the county to apply to the expense of replacing and remarking such section corners as may need replacement, and that E. S. Houghton or some other suitable person be and is herewith authorized and directed to proceed with this work at the earliest convenience and time practicable, and that the clerk of this Board be and is herewith authorized to draw warrant in payment of the expense thus incurred on submission of an itemized statement of the expense incident thereto.

Moved by Feldhauser, supported by Kellogg that the resolution be accepted, approved and adopted. Yea and Nay vote called. All members voting yea. Motion carried.

Recess taken to one o'clock this afternoon.

Afternoon Session.

Board called to order by the chairman.

On request, Mr. Feldhauser was excused from further attendance at this session.

The matter of repairs on county buildings referred to the committee on County Buildings.

Moved by Scott, supported by Feldhauser the report of the Committee on Claims and Accounts be accepted, approved and adopted. Yea and Nay vote called. All members voting yea. Motion carried.

Moved by Scott, supported by Christenson that M. A. Bates and M. Hanson be selected as representatives of this Board to take up the matter of the re-apportionment of the representative district to which Crawford County shall become a part, with the proper officers in charge thereof. Motion carried.

Moved by Craven, supported by Kellogg that the bills of the several supervisors be allowed as charged and that the clerk be and is herewith authorized to draw orders for the same. Yea and Nay vote called. All members voting yea. Motion carried.

Minutes of this session read and approved. Moved by Kellogg, supported by Christenson that the Board adjourn.

And whereas, provision is made for authority to the Board of Supervisors to appropriate a sum not to exceed \$200.00 in any one year for this purpose. Therefore be it resolved that the sum of \$200.00 be and the same is herewith appropriated from the general fund of the county to apply to the expense of replacing and remarking such section corners as may need replacement, and that E. S. Houghton or some other suitable person be and is herewith authorized and directed to proceed with this work at the earliest convenience and time practicable, and that the clerk of this Board be and is herewith authorized to draw warrant in payment of the expense thus incurred on submission of an itemized statement of the expense incident thereto.

Moved by Feldhauser, supported by Kellogg that the resolution be accepted, approved and adopted. Yea and Nay vote called. All members voting yea, the motion carried.

Fills on file referred to the Committee on Claims and Accounts.

Report of the Committee on Claims and Accounts.

To the Board of Supervisors:

Your Committee on Claims and Accounts to whom was referred the claims and accounts on file would respectfully report that they have examined the same and hereby submit the following report, and do hereby recommend that the several amounts scheduled herein be allowed, also that the clerk be and is herewith authorized to draw orders on the County Treasurer for the same.

Resolved that, whereas, the County Farm Bureau being a regularly established organization with its proper officers necessary for the continuance of the activities of the organization in Crawford County, and whereas, the necessity of the continuance of the same for the coming year is apparent from the accomplishment of the various efforts to promote and to continue to promote the best interests of the agricultural conditions of Crawford County, and whereas, it becomes necessary for the said County Farm Bureau, through its officers and through the many requests and recommendations submitted to this Board from the County of Crawford through its Board of Supervisors for financial aid, and whereas, it is deemed practical and expedient for this Board to contribute a sufficient sum to assist the said County Farm Bureau in promoting the agricultural interests of the County and to assist in providing a fund to engage the services of a suitable person as County Agent.

Therefore, Be It Resolved that the sum of \$1,000.00 be and the same is herewith appropriated from the general fund of the county, payable to the Secretary of the County Farm Bureau to be applied for the above purpose.

And be it further recommended that Mr. R. D. Bailey be retained as County Agricultural Agent for the ensuing year, provided his services may be obtained for the period mentioned.

Moved by Feldhauser, supported by Craven that the resolution be accepted, approved and adopted. Yea and Nay vote called. All members voting yea. Motion carried.

Recess taken to one o'clock this afternoon.

Afternoon Session.

Minutes of this session read and approved. Moved by Kellogg, supported by Christenson that the Board adjourn.

Motion carried.

Frank Sales, Clerk. Melvin A. Bates, Chairman.

This Will Astonish Grayling People

The QUICK action of simple camphor, hydnal, which, etc., mixed in Lavoptik eye wash, will surprise Grayling people. One man was helped immediately, after suffering with sore and red eyes for 15 years. An elderly lady reports Lavoptik strengthened her eyes so she can now read. One small bottle usually helps ANY CASE weak, strained or inflamed eyes. Aluminum eye cup FREE. A. M. Lewis, druggist.

The Gray holds the world's official economy record—across the continent at 33.8 miles per gallon.
